

STAN & SUE DREW

Based in Swaziland, Southern Africa, our **SWAZILIFE** ministry is built on four pillars:

LEADERSHIP training for pastors & church leaders;
INTERVENTION for widows & orphans in distress;
FEEDING the hungry in the spirit of Christ; and,
EDUCATING the next generation of African leaders!

Holistic ministry is provided through partnerships with evangelism focused churches.

Our Itineration Continues . . .

We're blessed to be in the US this year for itineration. This is our time to visit churches and other ministry partners to report what God is doing in Swaziland.

Swaziland is a nation in crisis. This small African nation leads the world with the highest rates of HIV/AIDS, high rates of pneumonia, high rates of TB, and as a result, the highest percentage of orphans.

In spite of these challenging circumstances, the churches are being empowered to reach the lost and dying with God's compassionate love.

We're eager to return to Swaziland for a 4-year term.

When we return, much of our focus will involve:

1) Drilling water wells in the drought-stricken areas; 2) Widow and orphan care;

3) Empowering church leaders to respond to the devastation of the AIDS pandemic.

We'll also continue to work with church planting efforts because the message of *the gospel is essential* to lifting people out bondage.

We value your prayers for safety and favor as we complete our itineration over the next few months.

ABOUT OUR ITINERATION . . .

We must depart for Swaziland in May 2012. For that to happen, we need miracles of support and cash donations.

Our Budget Need:

New Pledges: \$3,650
 Additional Cash: \$20,000

We'd love to share in your church, small group, meet for coffee -- whatever works best for you! To secure a date, please contact us at stan.drew@agmd.org.
